

# Dear Dalton, I didn't vote for this.

SEASON'S GREETINGS FROM THE MCGUINITY GOVERNMENT

Dear Dalton,

Your government's 1% increase for people on social assistance provides an additional 23 cents a day for a single person receiving Ontario Works and 36 cents for a person receiving income through the Ontario Disability Support Program.

Please write to me and tell me the extra food you would buy if you received an extra 23 cents a day?

As food prices have increased 5% in the last year, why did you raise social assistance rates by only 1%?

Please write to me with answers to these questions.

Sincerely,
