Commission for the Review of Social Assistance in Ontario

2 Bloor Street West
4th Floor, Suite 400
Toronto ON
M4W 3E2

Dear Commissioners Lankin and Sheikh:

Re: Invitation to Participate in York Region Community Consultation

On behalf of The Regional Municipality of York, I would like to invite you to a consultation our Region is organizing to help bring together perspectives from the Service Manager and the community on the upcoming Options Paper.

As a Service Manager, York Region has a critical stake in the options being presented. We are involved as both a funder and manager of Ontario Works and other integrated human services, plus as a level of government striving to create strong, caring and safe communities for all residents within a fiscally challenging environment.

The consultation is being hosted by the York Region Human Services Planning Board (HSPB-YR). The HSPB-YR is a multi-sector collaborative of human service organizations/agencies/networks and community leaders. Its main purpose is to enhance human services within York Region through community capacity building and engagement, and collaborative advocacy. A list of HSPB-YR members is attached for your information. Additional information about HSPB-YR is available at www.york.ca/hspb

HSPB-YR will work with the York Region Food Network, Social Planning Council of York Region and other community groups to promote the consultation among stakeholders.

The work of the Commission for the Review of Social Assistance in Ontario (the Commission) provides an important opportunity to bring the community together to respond to the options put forward and provide suggestions that result in better outcomes for people receiving social assistance.

The consultation will build on the input already provided by Regional Council and the York Region Social Audit, co-convened by the Poverty Action for Change Coalition and the York Region Food Network, on the Commission's *Discussion Paper: Issues and Ideas*.

In the past, the Commission has held consultations in various areas of the province to gather input for their work. We hope to add York Region to this list through our community consultation.

Janet Rurak, our Program Manager of Human Services Collaboration, will follow-up with the Commission on possible dates once the Options Paper is released.

Yours truly,

Bill Fisch
Chairman and CEO

Attachment - 1
